1. Fifty to sixty Soviet troops were stationed in KISKEROES (Y 6/M 52).
2. Thirty rooms in NAGYKEROES (Q 48/O 06) were requisitioned for Soviet officers at the same time. ++

25X1            Comment:

The report, though appearing to be immaterial, nevertheless helps to clarify the present situation of Soviet troops in southeastern Hungary.

- + This indicates that in late August 1949, certain preparations were made also in the CEGLED-KECSKEMET area for the quartering of new Soviet units, as reported by another source. ++
